Encourage Telephone Trade by Listing every line of your business in the Classified Telephone Directory. Telephone Trade comes to you at a reduced Selling Cost.

Hop, Skip and Jump

It takes a hop, skip and jump to answer the telephone when you're way at the other end of the apartment. For just a few cents a day, you can have an extension telephone—beside your easy chair, beside your bed—or any place you wish.

You can order yours by just telephoning our Business Office.

COMFORT

When you install extension telephones you add more comfort and convenience to your home. Always within reach, they save countless footsteps and the annoyance of running from one end of the apartment to the other every time the telephone rings. Your home deserves this added up-to-dateness, especially since it costs so little.

Our nearest Business Office will be glad to suggest convenient telephone arrangements for your home.

BROOKLYN MULTIGRAPHER USES AMAZING NEW MACHINE

Duplicates Letters, Art Work, Cuts, Ruled Forms, Etc.

Only One in Brooklyn

The firm of R. A. Freeman, which has conducted a large and successful multigraphing business for many years, has just installed a new machine which has been welcomed by business firms throughout the Borough.

According to Mr. Freeman this new stencil duplicator has a wide application to every business. It will reproduce letterheads, drawings, type, line cuts, ruled forms, etc., in one or more colors, quickly, and at a tremendous saving.

This firm is the first to install this machine in Brooklyn, and it was the first to install the Set-O-Type, an automatic type setting machine for the multigraph, which sets every form in brand new monotype type.

Phone R. A. Freeman for your next multigraphing, mimeographing or mailing job, or phone him right now to send you sample sets of the kind of work the new machine can do for you.

Personal Contact

Personal contact—with whomever you wish—in any part of the country. The telephone gives you this personal, voice-to-voice contact. It puts speed and convenience in the administration of business. A long distance call frequently saves a railroad trip; it often means a customer satisfied; or a carload of goods sold. Yet it costs so little—even to places far away!

Why Waste Energy?

Mrs. Johnson knows the advantages of saving her energy. That's why she has extension telephones. They save her hundreds of steps a day. There's a telephone in the foyer, one in the living room beside her easy chair, and, of course, one in the bedroom.

No wonder she looks and feels better than the rest of her friends!

Why let distance keep you apart?

Next to a visit in person, a telephone trip to those away from home brings more pleasure than anything else.

It costs so little—yet means so much.

THE SIGN OF SERVICE

Fireproof Storage

Moving Packing Shipping

Those who inspect our storage space are impressed with its cleanliness, its dryness and its systematic efficient arrangement. They realize, after they have seen our various departments, each devoted to a particular type of storage, that we have developed this business of taking care to a high degree.

BROOKLYN CLASSIFIED WINTER-SPRING 1931

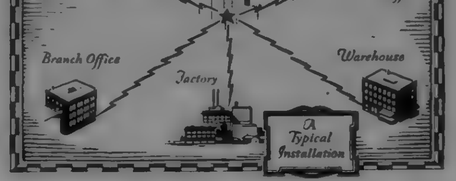
MEETING THE DEMAND FOR SPEED



Telephone Typewriter Service

Business men who appreciate the need of quickly routing orders, messages and instructions from one department to the other, from one building to another or from the main office in one city to branches or factories in other places will welcome the Telephone Typewriter . . . . . swift as the telephone, with the added advantage of a printed message, it fills a long-felt want in the business world.

When two or more of these machines are installed, orders, messages, and instructions typed on one machine are duplicated immediately on the machine or machines at the other locations—close at hand, or miles apart.

Manufacturers, wholesalers, department stores, banks, hotels, brokerage houses—in fact almost any business can successfully use the Telephone Typewriter in the struggle against time and overhead.

Detailed information will obligate you in no way whatever. Simply telephone Main 4-Official, Extension 258.

All Metal Weather Strip

METAL WEATHER STRIP

You need it on your windows and doors.

Your precious heat is leaking out all over the house.

Drafts, bringing in dust from outside, annoy you every day there is a drop in the temperature or a chilly wind.

Do you realize how much more coal you are consuming than you would with INVINCIBLE WEATHER GUARD installed? In from two and a half to five years you save enough to pay for it, not counting the comfort.

It is designed to meet your needs.

INVINCIBLE WEATHER GUARD is made from bronze, zinc, copper or brass, and cannot rust, wear out, or lose its efficiency. Besides, we guarantee all our work.

It is quickly installed in your home at moderate cost. Telephone and we will call with estimate.

Equip your home with

All Metal Weather Strips

Make your home 100% Economical

Have your windows and doors equipped with rustless, invisible all metal weather strips. They positively prevent the entrance of draughts, rain, dust and slush. No more rattle—no more storm sash. Guaranteed the life of the building. Insect Screens—Steel Radiator Enclosures. A postal will bring our representative with models of our work.

WASTED STEPS

The average wife walks several miles in her daily household duties. Trudging back and forth to answer the telephone—accounts for many hundred needless steps.

How to save them? Simply have an extension telephone within a dozen steps of you at all times—whether you're in the living room, kitchen or bedroom. You'll never feel the cost—it's only a few cents a day for each extension telephone.
